Professional Summary

I have had various tech roles and am seeking to enter my desired field of front end web development. I have a few years of experience building and designing websites in React and JavaScript with projects such as my homepage and various web games. I also have extensive personal experience in various coding languages enabling me to build projects such as video games, web apps, and physical arduino projects. I am a fast learner who can quickly acquire new skills and am comfortable working independently or in a team, with or without supervision.

Relevant Skills:

Front End Development: HTML, CSS, Javascript, ReactJS & JQuery (16+ websites)

Programming Languages: Python (Discord Bot, 2 years of Computer Science), C++, C#, Ruby, lua, SQL (Phone Apps, Unity Games, Data Structures)

Tools and Technologies: Git/Github, Agile/Scrum Development Methodology, Adobe Creative Suite (Graphic Design), Firebase, GULP, SASS, APIs, PHP, CSS Frameworks

Networking: CLI (Cisco, Juniper, Fortinet), Fiber GUI (Nokia, Ciena)

Work Experience

Zayo - Network Technician II & III

Remote (Denver, CO) Oct 2021 - Dec 2022

Diagnosed, repaired, and analyzed problems within the Zayo network. Worked on novel IP and fiber issues and repaired issues on the fly in a fast paced work environment. Worked directly with customers and technicians in a ticket environment.

GTT - Network Analyst

Remote (Denver, CO) Nov 2020 - Oct 2021

Received inbound calls from customers reporting issues within GTT network, I would then diagnose the issue and perform layer 1 troubleshooting with customers.

CU Boulder, OIT DLS - Student Manager

Boulder, Colorado July 2018 - Apr 2020

Assisted Distance Learning Services with the University of Colorado record lectures all over campus. I was also in charge of the other student assistants schedules and tickets. I also got the opportunity to do hardware and software installations as well as small coding projects.

Good Times, Ross, World Market - General Staff

Colorado Sept 2015 - July 2018

Education

Technology, Arts, & Media - 2020

University of Colorado Boulder - Bachelor's

Description: Received practical experience in various facets of design. Most of my classes were focused around web design and development. However, I also gained experience with graphic design, sound design, and video design.

International Baccalaureate - 2016

Centaurus High School - IB Diploma

Description: Graduated in the top 20% of my class and participated in both the 4-year pre-engineering program as well as the International Baccalaureate program.
